

**Greases (organic)**

**DOW CORNING®**  
**BR2-PLUS**  
**MULTI-PURPOSE**  
**E.P. GREASE**

---

**PHYSICAL FORM**

Lithium soap thickened, premium mineral oil-based grease fortified with molybdenum disulfide and other solid lubricants.

**PRIMARY USE**

This heavy duty bearing grease is a multi-purpose lubricant for plant maintenance in metal-to-metal applications.

**SPECIFIC APPLICATIONS**

Lubricating sleeve, ball, and roller bearings, automotive chassis, processing equipment, heating and air conditioning fans, garbage disposal equipment and fly-cut machines.

**SPECIAL PROPERTIES**

Suitable for use over a wide temperature range; good resistance to oxidation and hot and cold water; good corrosion-inhibiting properties; low evaporation and high load-carrying capability; NLGI No. 2.

**TEMPERATURE RANGE**

-22 to 266 F; intermittent to 300 F.

**APPLICATION METHOD**

Brushing, grease gun or automatic applicator.

**CONTAINER SIZES**

14 oz. tub, 14.1 oz. cartridge, 35 lb. pail, 120 lb. drum, 400 lb. drum.
